Sir:

Pursuant to 37 CFR § 1.56, the attention of the Patent and Trademark Office is hereby directed to the reference(s) listed on the accompanying form PTO/SB/08. Unless otherwise indicated herein, one copy of each reference is attached. It is respectfully requested that the information be expressly considered during the prosecution of this application, and that the reference(s) be made of record therein and appear among the "References Cited" on any patent to issue therefrom. The filing of this Information Disclosure Statement and the accompanying PTO Form PTO/SB/08, shall not be construed as an admission that the information cited is prior art, or is considered to be material to patentability as defined in 37 C.F.R. § 1.56(b).

The paragraphs marked below are applicable. It is believed that no fees other than those indicated below are due, but authorization is hereby given to charge any additional fees due, or to credit any overpayment, to **Kenyon & Kenyon LLP, deposit account 11-0600**.

Applicant wishes to make reference to the Information Disclosure Statement and Form 1449 filed May 19, 2008 which erroneously indicated that the filing of such Information Disclosure Statement occurred after the close of prosecution. This statement is incorrect. The accompanying PTO/SB/08 form lists additional art and supplants the previously filed Form 1449.

The accompanying form PTO/SB/08 includes reference to an article designated "D3" by the Russian Federation Patent Office. To date, the Applicant has been unable to secure an English translation of D3. Instead, the Applicant provides an English translation of the Russian Federation Office Action, dated 18 February 2008, which discussed D3 as pertaining to the use of cytostatic preparations as antineoplastic agents.
